

28 APR 1977

MEMORANDUM FOR: Deputy Director for Intelligence
FROM: Director of Central Intelligence
SUBJECT: Proposed Briefing for Mrs. Carter

During my briefing for the First Lady on Tuesday, she indicated she is planning a trip to Central and South America. Please stay in touch with her staff so that we can provide her adequate support. I would expect that most of this can be done on an unclassified basis with perhaps a briefing or two on a classified basis.
